Objective: To apply my engineering knowledge, problem-solving skills, and passion for innovation in contributing to impactful projects, while continuously advancing my technical expertise and professional growth.

Education:

Bachelor of technology in computer science and engineering (Artificial intelligence & machine learning)

Pragati engineering college, Surampalem, Andhra Pradesh.

2023-present | **CGPA:** 7.71/10

Diploma in computer engineering

Nuzvid polytechnic college, Venkatadripuram, Andhra Pradesh.

2020 - 2023 | **Percentage:** 79.61%

Skills:

Programming languages: Python, Java

Web development: Html, Css, JavaScript

Soft skills: Teamwork, Leadership, Time management, Innovation

Projects:

- **Indian Sign Language to Text/Speech Translator**
Participated in Smart India Hackathon (College Level) and developed a gesture recognition system for translating Indian Sign Language into text and speech.
 - Developed responsive web pages using HTML, CSS, and JavaScript, including login forms and basic designs.
-

Certifications:

- Data science with python , **Harvard(Edx)**.
 - Java programming **GalileoX(Edx)**.
 - IIOT workshop, IIT Varanasi ,2024.
 - **Zscaler Zero Trust Associate (ZTCA)** , 2025.
-

Internships :

- Zero trust cloud security virtual internship, Zscaler, Jan-Mar 2024 .
 - Generative AI virtual internship , July – Sept 2024.
-

Achievements:

- Received outstanding performance at department technical expo for showcasing weather forecasting project using web designing and weather API.
- Coordinated and managed the 'Logic Unlock' event, a PPT presentation competition, ensuring smooth execution and participant engagement.
